SPORTING NOTE #6 – 11/05/2016

VALID :  
R4 : SILVERSTONE

**RACING NETS / SEATING**

Teams are informed that the use of Racing Nets as stipulated in article 14.9 of the 2016 edition of Article 257a of Appendix J to the International Sporting Code, will be mandatory from Silverstone onwards for all GT3 models for which the homologation of the installation specifications has been published.

For those GT3 models for which the homologation of the installation specifications are still pending, and for G3 models, the use of the nets is not mandatory for the Silverstone round. For the Ferrari F458, the use is not mandatory for Silverstone but will be mandatory for the Paul Ricard event.

Teams are reminded that since drivers are not present during the car safety checks, it is the responsibility of the team to ensure that their seating position is in accordance with Appendix J art 257a14.4 and 257a14.8.
