

DECISION No: 60

From: The Stewards **Date:** 05/09/2020
To: SMP Racing – Car n° 51 **Time:** 21:30 hrs

The Stewards, having received a petition from SMP Racing – car n° 51 for them to review, in accordance with Article 14.1.1 of the FIA International Sporting Code, the following decision made by them at the 2020 GT World Challenge Europe powered by AWS, competition held at Imola, July 24 – 26, 2020.

Decision N° 36 **Competitor: SMP Racing** **Penalty: Drive Through**

The Stewards , having examined the petition from SMP Racing and determine the following:

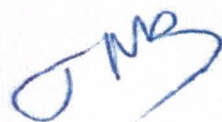

Decision: Due to a human error, car n° 51 was given, and took, a drive through penalty awarded to a driver not entered on that car.
The request for points to be awarded is passed to the sporting board

Reason for the decision: Car n° 51 was wrongly awarded a drive through penalty for a full-course yellow infringement. This was due to a human error, with the wrong car number being added to a report. The Stewards recognise the error, but in the impossibility of removing a drive through that has been taken, or reconstructing the race, after close examination of the race data, consider that the team's request for points for second place can be justified. As the Stewards cannot deal with issues concerning points, they therefore ask for the Sporting Board to consider the request from SMP Racing.

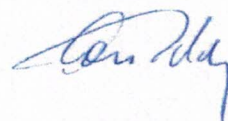

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code, within the applicable time limits.
