

STEWARDS
LOG NR 106

BULLETIN FROM THE RACE DIRECTOR ON THE TRACK LIMITS RULES FOR THE RACE

The tolerance given to the track limits regulations, due to the Covid 19 situation, were abused exaggeratedly by most of the drivers. In these corners we are now facing safety issues because the drains are not made to resist.

Due to that I decided with the agreement of the Stewards and the support of the RACB, the SRO and the circuit Staff to adapt the rules as follow:

The track is limited by two white lines. In turn 3 right hand side, exit turn 9, 17 and 19 the kerbs are included in the track. In all the other turns cars must remain in contact with the track.

In the race, cars reported for track limits may receive the following warnings and penalties for infractions:

- warning on the timing screens
- black and white - warning flag
- final warning
- drive-through penalty

The above penalties may be imposed by the Race Director (or his deputies), in accordance with Article 13.1 of the Supplementary Regulations.

Additionally, at the absolute discretion of the Race Director, a driver may be given the opportunity to give back the whole of any advantage he gained by leaving the track. In the case of a driver gaining an advantage and not giving it back, he may award an immediate penalty of 5 or 10 seconds, to be taken at the next pit stop.

The Stewards of the Meeting may apply any penalty in addition to those marked above depending on the advantage gained.

Teams are reminded that both warnings and penalties are given to the Car and not to the Driver.

The track limit infringements will be reset to zero after each drive-through penalty, as well as after six, twelve and eighteen hours of racing.

A Stewards' bulletin will be issued appointing additional Judges of Fact where necessary.

Alain ADAM Race Director

The above is authorised as an amendment to Article 13.2 of the Supplementary Regulations in accordance with that article and also Article 3.6 and 11.9.3.b of the FIA International Sporting Code.
