

DECISION No: 23

From:	The Stewards	Date:	18 th April 2021
To:	Madpanda Motorsport	Time:	12:05 hrs

The Stewards, having received a notification from the Team and having heard from the competitor's representative, have considered the following matter and determine the following:

No. / Driver: 90 / Ezequiel Perez Companc – Rik Breukers

Competitor: Madpanda Motorsport

Session: Qualifying

Fact: The competitor has notified that the engine of car 90 is being changed after Qualifying

Offence: Breach of Article 40 of the Fanatec GT Challenge Europe powered by AWS Sporting Regulations

Decision:

- (i) Car 90 may participate in the Race with a replacement engine (subject to technical scrutineering).
- (ii) Car 90 must start the Race from the pit lane and will be released after all cars starting the race from the grid have passed the pit exit.
- (iii) Car 90 is permitted, for reasons of safety, to undertake installation laps during the period the pit lane is open, provided the car returns to the pit lane before the pit lane is closed. (The car may not take part in the green flag formation lap.)
- (iv) The provisions of Article 45.4 must be respected with regard to wheels/tyres.

Reason: Car 90 suffered major engine problems during Qualifying which have necessitated a change of engine. The Stewards permit the car to participate in the Race but determine that this is a breach of the above regulation. In accordance with precedence for a change of engine after Qualifying, they oblige the competitor to start from the pit lane.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code, within the applicable time limits.
