RACE DIRECTOR NOTE #01 – 28/07/2022
ARTICLE 16.5

The following is taken from the 2022 Fanatec GT World Challenge Europe Powered by AWS regulations

'.....In Incidents involving cars from different categories, the driver of the car from the more professional category will be deemed to be at fault unless evidence clearly shows the contrary.'

In cases of contact between cars of different categories, the Stewards may impose any penalty they consider appropriate to the circumstances. Where a Pro driver is considered to be responsible for causing a collision or other incident with an Am driver, the Stewards will normally impose a higher level of penalty than in a similar situation where the Am driver is considered to be responsible.'

Drivers are reminded, that when they are approaching a slower car that has the Gold, Pro-Am or Bronze sticker on the rear that it is likely to be an Amateur driver who should be afforded extra consideration.

As above - Cars that do not respect Amateur drivers may receive penalties.
