

DECISION No: 29

From:	The Stewards	Date:	18 th September 2022
To:	JP Motorsport	Time:	10:00 hrs

The Stewards, having received a request from the Competitor, having summoned and heard from the the competitor's representative, have considered the following matter and determine the following:

No. / Driver: 111 / Patryk Krupinski & Christian Klien

Competitor: JP Motorsport

Session: Qualifying 2

Fact: The competitor has requested access to Parc Fermé to download data from car 111

Regulation: Article 41.7.4 of the Fanatec GT Challenge Europe powered by AWS Sporting Regulations

Decision: **The competitor's request is denied – access to Parc Fermé is not granted**

Reason: The competitor has requested permission to access Parc Fermé in order to download data from car 111. Having heard from the competitor's representative, it is understood that car 111 suffered turbo failure during Qualifying 2 and the competitor wants to ascertain at the earliest opportunity whether a change of turbo will be necessary before Race 2. Having considered the matter carefully, and noting that Parc Fermé for this car will be open very shortly in any case, the Stewards do not consider that there are sufficient grounds to allow an exception to the post-Qualifying Parc fermé conditions and the request is therefore denied.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code, within the applicable time limits.
