

DECISION No: 07

From: The Stewards **Date:** 1st October 2022
To: Leipter Motorsport **Time:** 11:25 hrs

The Stewards, having received a request from the competitor, having summoned and heard from the competitor's representative, have considered the following matter and determine the following:

No. / Driver: 27 / Isaac Tutumlu Lopez – Tyler Cooke – Brendon Leitch

Competitor: Leipter Motorsport

Session: Qualifying Parc Fermé

Fact: The competitor had requested that they be allowed to access the car in Parc Fermé after Qualifying in order to remove their VBox

Regulation: Article 41.4 of the Fanatec GT Challenge Europe powered by AWS Sporting Regulations

Decision: **The competitor's request is agreed. The competitor may remove the VBox from car 27 during post-Qualifying Parc Fermé subject to this being done under the supervision of a Technical Scrutineer**

Reason: The competitor reports that three sets of VBoxes were stolen en route to the event and they have been unable to replace these. Therefore they have been sharing one VBox between car 27 and the team's other car which is running in Lamborghini Super Trofeo competition at this event. As a Lamborghini Race 2 starts shortly after the end of the Fanatec GT Challenge Europe Qualifying session, the competitor has requested permission to access Parc Fermé to remove the VBox to put into their other car for that race. The Stewards, noting the circumstances, consider this to be a case of force majeure and, with the agreement of the SRO Technical Director, accept the competitor's request subject to supervision of the procedure by a Technical Scrutineer

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code, within the applicable time limits.
