CHAPTER II – GENERAL CONDITIONS

ART. 1 – SPECIFIC SPORTING REGULATIONS

- 1.1 All Sporting Notes, Bulletins and Clarifications issued by the Stewards or the Sporting Board during the 2023 Fanatec GT World Challenge Europe powered by AWS will apply unless otherwise notified.

ART. 2 – ADVERTISING – RACE NUMBERS – ADVERTISING IMPOSED BY THE ORGANISER

- 2.1. **Livery and Advertising**
Each car will adhere to the specific information for the CrowdStrike 24 Hours of Spa included in the latest edition of the Graphical Charter available on the series website, as well as to any amendments given in these Supplementary Regulations. Any car or driver failing to abide by this Charter will be summoned to the Stewards and a fine or other suitable penalty may be imposed in accordance with article 16.4 of the 2023 Sporting Regulations.

Article 30.1.1 j) "Aero devices cannot be covered by tape or paint" is further clarified as follows:

Aero devices must remain in accordance with the homologation documentation with the following exceptions:

The rear wing may be decorated with lettering and logos. These must be individually cut out and applied to the carbon fibre. A full-length vinyl decal is not authorized. The end plates may be covered with series logos in accordance with the Graphical Charter of the Championship.

Note that no covering of any sort on the splitter or dive plane will be allowed.

- 2.2 All cars must have all stickers in place, in accordance with article 2.1 above, from the start of the first track activity session onwards (including the Bronze Test). Any car failing to be in conformity will be reported to the Stewards who may impose a fine.

ART. 3 – GENERAL SAFETY DISCIPLINE

- 3.1. In addition to the two fire extinguishers provided by the Organiser (Article 33.7) of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations, each team must provide, for each entered car, two supplementary fire extinguishers with a weight of minimum 6KG each.
- 3.2. No one under the age of 18 years old may use the following vehicles: two-wheeled, three-wheeled, or four-wheeled vehicles, similar to motorcycles. Persons over 18 years old must be in possession of a “Moto Pass”. In all circumstances, these vehicles are strictly limited at all times to the “Paddock” enclosures, to the Paddock / Driver Parking route and to the Paddock / Refuelling route. In the case of a breach of this rule, the vehicle will be impounded until 02/07/2023 at 18h00.

Any team contravening this rule will be summoned to the Stewards who will determine the penalty that will be given.

- 3.3. Use of radio communication equipment:
The frequency band between 146 MHz and 174 MHz is reserved for the Organisers of the event, for obvious safety reasons. Any use of equipment operating in this frequency band, within Francorchamps, must be authorised beforehand by the Organiser and must satisfy the requirements of the Belgian law in this field. Any competitor or team wishing to use radio apparatus other than CB (27 MHz), to establish communication between the pits and the competing cars, is obliged to submit its application to the IBPT. See documents in Appendix 2.
- 3.4. Use of drones:
With the exception of the Organiser, the use of drones or similar remote-controlled equipment is strictly forbidden at the Spa Francorchamps circuit. Any person or persons found to be carrying, supplying or operating such equipment on the site without prior permission will be reported to the Stewards of the Meeting and may also be reported to the Security personnel. Equipment will be confiscated.

ART. 4 – GENERAL REGULATIONS REGARDING THE PIT BOXES, PIT LANE, FUEL, REFUELLING AND REPAIRS.

- 4.1. Garages
Set-up and dismantling deadlines can be found under Art. 4.6 of these Supplementary Regulations.

Awnings will not be accepted behind the garages in the F1 paddock, except with specific permission from SRO Motorsports Group.

Teams are reminded that in accordance with article 34.9 of the 2023 Fanatec GT World Challenge Europe powered by AWS sporting regulations, the doors on the pit lane side must remain open during the sessions of the support races and Teams must keep the pit lane clear during the support race sessions. This applies in both the F1 and Endurance pit lanes.

All vehicles which will be parked inside the Paddock area must provide waterproof protection under the fuel tank and engine to prevent any possible leak of oil/fuel or any other dangerous liquid into the environment. Should a team/supplier fail to abide by this rule, a financial sanction will be imposed after the Event.

4.2. Pit Lane

Access to the Pit Lane is prohibited for persons under the age of 16.

A maximum speed limit of 50.0 km/h will be enforced in the Pit Lane, during all practice / qualifying sessions and the race. Radar controls will be in permanent use. The speed limit is valid from 'pit in' in the F1 pit lane until 'pit out' at the bottom of the Endurance pit lane, including in the section between the F1 and Endurance pit lanes.

Entry to the Pit Lane is exclusively through the F1 Pit Lane, both for the race and for the practice / qualifying sessions. The Pit Lane may be exited only at the top of the Raidillon Hill (after T4). There is no exit or entrance to the pit lane between the F1 and Endurance pits, and any car entering or exiting through this area will be reported to the Stewards.

During the race, the green and red lights at the exit of the Pit Lane will be used only to stop cars when the Safety Car is deployed. The lights at the exit of the F1 Pit Lane will be red only in case of an incident between the two pit lane sections. At all other times they will be switched off.

The final garages in the Endurance pit lane, which are situated beyond the lights, are subject to the same light restrictions as all other competitors and a pit-lane marshal will control their access to the pit lane exit.

Any car stopping in the pit lane may be pushed by a maximum of four mechanics from the team.

For safety reasons, in the Endurance pit lane only, an additional mechanic may help to push the car into the garage. This mechanic is not authorised to do anything else during that period. The team is also allowed to use a chock of wood to block the car.

During all sessions, as well as after any red flags, cars should be parked in their working zone at 45 degrees, nose towards the pit exit, except for cars in the Endurance pit lane which may be parked parallel if space allows. Only work mentioned in article 39.1 may take place in the working lane during free practice and pre-qualifying, all other work must take place in the garage. Specific rules for the Endurance pit lane may be given by Bulletin from the Stewards.

Rain Lights

Once the race has been declared Wet, it remains Wet for the remainder of the Race. However, instructions will be issued from Race Control to inform teams when lights can be switched off.

Flashing Lights

When lights are mandatory (in wet conditions and in the mandatory night period) main beams must be switched on at all times that the car is moving. However, the additional lights may be flashed if needed.

4.3. Fuel and Refuelling

a) General

The refuelling area will be located in the Overflow Parking

b) Distribution

Pumps or metallic drums with a maximum capacity of 60 litres

c) Administration: The administration formalities concerning the purchase of the fuel shall be conducted with the fuel supplier of the 2023 Fanatec GT World Challenge Europe powered by AWS.

Opening hours of the fuel pumps:

Monday	26 th June 2023	from 14:00-19:00
Tuesday	27 th June 2023	from 08.00-12.00 and 13:00-16.00
Wednesday	28 th June 2023	from 10.00-12.00 and 13.00-17.00
Thursday	29 th June 2023	from 08.00-13.00 and 14.00-01.00
Friday	30 th June 2023	from 08.00-12.00 and 13.00-22.00
Saturday	1 st July 2023	from 11.00-13.00 and 16:00-00.00
Sunday	2 nd July 2023	from 00.00 until 17.30

d) Transport

Transport must be held in conformity with the prevailing European laws and the paddock prescriptions of the safety agreement of the Circuit. Within the paddock and pit enclosure, fuel may only be transported in metallic jerrycans or in metal drums, with a capacity of maximum 60 litres and with a maximum of 240 litres being transported at any one time. The people responsible for transporting the fuel must be equipped with a powder or foam-type extinguisher, with a weight of 6KG minimum, during the entire operation. This extinguisher must be in working order and must be stamped by a technician from the extinguisher company. The transported jerrycans and / or drums must be separately firmly attached to the transporting vehicle. The towing vehicle, generally a quad bike or mini pick-up (e.g. John Deere, Golf Buggy, etc.), must be adapted to be able to tow the load and be provided with a coupling system backed up by a safety device (chain, strap, etc.).

The transporting vehicle must take the following route: TotalEnergies Station or Tanker Truck – Endurance Pit (lower situated area) - Uniroyal Tower – Endurance Pit (higher situated area) - Old Technical Center (=Coca-Cola Tower) - "La Source"-bend – F1 Paddock. The return trip with the empty and closed jerrycans and / or drums must be via the F1 Paddock and down the slope again towards the exit from the paddocks.

Any team contravening this rule will be summoned to the Stewards of the Meeting who will determine the penalty that will be given.

e) Storage – Refuelling Tower

Maximum quantity of 2 metal drums of 60 litres per car, in each pit box (refuelling tower NOT included). Any potential source of sparks or fire is forbidden within five metres of the rear wall of the pits.

During each refuelling operation, it is compulsory for the refuelling officials to wear fire-resistant clothing over their entire body, including the head and the feet.

The refuelling towers must comply with Article 257A - 6 of Appendix J to the International Sporting Code and with article 35 of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations. The jerrycans and / or metallic drums, whether empty or full, must always be hermetically sealed.

All trace of fuel, in the pit box or in the working area, must be removed immediately. The use of water is prohibited. Penalty: by decision of the Panel of the Stewards.

f) Fuel Transfer:

Fuel must be transferred by a mechanic from the stamped jerrycans and / or metallic drums to the container of the refuelling tower by means of a line fitted with a gun, equipped with a valve fed by a mechanical hand pump, firmly fixed to the refuelling tower, or by means of a pneumatic pump or a protected, explosion-proof, electric pump. In the latter case, only the pumps and their accessories that have been specifically approved for the transfer of fuel are accepted with their approval documents. All proper approval and / or certification documents concerning the electric pump and its accessories must be available throughout the event. Refuelling of the tower is prohibited while the car is being refuelled. During the filling operations of the refuelling tower, an attendant must be present to assist at the operation, equipped with a powder or foam-type extinguisher weighing at least 6KG and situated at 2 metres from the refuelling operation. The transfer of fuel between jerrycans and the fuelling tower by a funnel is strictly FORBIDDEN.

- 4.4 The refuelling tower and the degasification bottle must carry the mandatory advertising according to the Graphical charter of the Event.
- 4.5 Pit Installations
Please see article 34 of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations
- 4.6 Refuelling Sensors
There will be a test of the mandatory refuelling sensors during the Free Practice Session on Thursday June 29th according to a bulletin issued by the Stewards. See article 10.3 of these supplementary regulations.

- Dismantling can be done after the race, and the paddock must be cleared by Monday July 3rd by 16:00 at the latest.

5.3 PARKING

Cars may only be parked in the area to which they are assigned and with a valid car pass, including name, affixed to the car. Any cars found in the wrong area or without a car pass will be removed and the Team will be reported to the Stewards, where a minimum fine of 1000 € will be awarded.

5.4 DELIVERY PASSES

Cars or vans with Delivery passes may be used for a maximum of 45 minutes within the paddock for delivery purposes. After this time, they must return to their correct parking area. Delivery passes will be delivered after issuing an ID-card in exchange for a maximum of 45 minutes. If the delivery pass is not returned after 45 minutes, the team will be reported to the stewards who may give a fine.

5.5 CIRCULATION ROUTE IN THE PADDOCK

It is strictly forbidden to circulate in the paddock in the opposite direction to the paddock route laid out and given to all teams before the start of the event. In particular, it is strictly forbidden to use the F1 ramp in the wrong direction. Any team or person linked to a team (see article 15) who is reported to contravene this rule will be reported to the Stewards where a minimum fine of 2000 € will be awarded.

It is mandatory to wear a helmet when driving any 4-wheeled vehicles such as quads, as well as when driving scooters, ebikes etc.

5.6 PADDOCK SPEED

The speed limit in the Paddock is 30 km/h. Excessive speed in the paddocks is strictly forbidden. Any team or person linked to a team (see article 15) who is reported to contravene this rule will be reported to the Stewards where a minimum fine of 2000 € will be awarded.

5.7 ORDERS FROM THE ORGANISATION

At all times, Teams, their personnel and suppliers must obey the instructions given by the Organisation of the Event in terms of the set-up of Sporting, Hospitality or other units in the paddock. Any refusal to follow the instructions given will result in the Team being summoned to the Stewards who will award a minimum fine of 2500€.

5.8 SUSTAINABILITY

Teams are reminded of the need for sustainability. In particular, Teams are reminded of the need to conserve water as much as possible. Awnings cannot be cooled by means of water; any leaks must be repaired as soon as possible. Additional measures may be added before or during the Meeting, which will be announced by means of a bulletin. Any infractions will be reported to the Stewards.

5.9 GRID BEHAVIOUR

Golf Carts, quad bikes, scooters, e-scooters etc are not allowed on the grid. Only tyre trolleys, pushed by mechanics, are authorised. Any exceptions for the CrowdStrike 24 Hours of Spa will be given in a specific bulletin.

GT3 STARTING GRID DISPLAY EQUIPMENT

The starting grid display, as detailed in the latest version of the Graphical Charter, available on the Teams section of the Website, is mandatory for all teams. The Graphical Charter is an integral part of the sporting regulations, and any teams lacking this equipment or failing to display it will be summoned to the Stewards.

GRID BEHAVIOUR

Teams will be informed of the grid access and entry point for the CrowdStrike 24 Hours of Spa. Team guests – which includes parents, friends, coaches and all other such people – may ONLY access the grid by this entry point. Under no conditions may they cross the fast lane from the pit garages.

Guests entering via pit garages will be stopped and reported to the Stewards.

Note that children under the age of 15 are never authorized on the grid.

Guests on the grid must follow the instructions of the SRO personnel, marshals and other officials. They must clear the grid when requested to do so. Any refusal will be reported to the Stewards.

A pass is needed to access the grid, including pit lane, media, driver, full access or organisation passes. Any other people who do not hold one of these passes needs a grid walk wristband delivered or sold by SRO. Any team guests attempting to go on the grid without a valid pass will be reported to the Stewards.

Teams are reminded that they are responsible for the people within their entourage, as stated in article 15.1 of the 2023 Sporting Regulations.

PIT LANE PASSES

Pit Lane Passes, which include Driver Passes, are reserved for those people with an official function in the Race, such as team managers, mechanics, officials, support staff. They are not to be used by guests, family members etc. Any people found with an unjustified pit lane or driver pass will be guided back into the pit garages. Note that this is considered to be a breach of Article 12.2.2 of the Sporting Regulations, and penalties will be given in consequence.

PIT GARAGE DOORS

As stated in article 34.9 : “Unless otherwise indicated by the Organisers or Stewards, garage doors must be opened before the start of the first track session of each day and left open until the end of that day’s track action, in accordance with the Official Timetable.” Teams are requested to give access to support event staff to see screens etc. Nevertheless, teams are authorized to use Tensa or other barriers to restrict their access into the rest of the garage.

ART. 6 – OBLIGATORY LIGHTING PERIOD

The car’s regulatory lighting system must function during the entire meeting.

The obligatory periods of illumination start at 22.00 and will be announced by the presentation of the "LIGHT"- panel by the Clerk of the Course, and will end at 06:00 (qualifying and race). These times can be adjusted by the Race Director.

Depending on the weather conditions, the Clerk of the Course can display the "LIGHT"-panel at any time.

The Lights must be in conformity with articles 33.16 – 33.20 of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations.

Backlit Panels

In particular, Teams are reminded of the terms laid down in article 22.2 of the 2023 Sporting Regulations, which states that for Competitions with night running, including those run according to Article 5.2 cases B, numbers on the doors must be backlit. Please note that this means backlit panels only, and no alternative options such as those using LED lights will be authorised.

Cars are requested to fit suitable LED lights in the cockpit to illuminate the driver-facing camera. These should only work when the pit lane speed limiter is engaged.

Teams are reminded that lights facing forward cannot be red, and lights facing towards the rear cannot be white.

ART. 7 – SAFETY CAR, RED FLAG AND FULL COURSE YELLOW PROCEDURES

7.1 SAFETY CAR

One safety car will be used during the CrowdStrike 24 Hours of Spa, according to the procedure laid out in article 46 of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations.

- SC will enter the track after T4, top of the 'Raidillon' corner
- SC will extinguish its orange lights at T15
- SC will exit the track at pit entry
- Once the message has been given that the SC will come in this lap, all panels and flags will be removed. The Green flag will be shown on the line only

7.2 RED FLAG

In case of red flag during the race, the procedures laid down in article 47 of the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations will be followed.

Further information on red flags may be issued via Bulletin from the Stewards.

Should the race be subject to a red flag before the completion of the first lap, the grid for the restart will be as per the original grid.

Should the race be initially placed under Full Course Yellow and/or Safety Car conditions but is then red flagged and does not resume, the results of the race will be determined by the passing of the timing line of the leader and all following cars the lap before the Full Course Yellow / Safety Car procedures were deployed.

Light Panels

The LED Light panels around the circuit have the same value as the marshals' flags and must be respected by the drivers in the same way.

In-car Marshalling Driver Information Display

All cars must carry an in-car marshalling Driver Information Display in accordance with article 19.8 of the 2023 Sporting Regulations. In addition to the information given in article 19.8, Competitors are advised that flags, including black-and-white warning flags and blue flags, may be shown on the displays which will have the same value as any flag shown from the gantry.

ART. 8 – PARADE, DRIVERS' AND TEAM MANAGERS' BRIEFING

8.1. PARADE

A presentation with all cars entered in the CrowdStrike 24 Hours of Spa 2023 will be take place on Wednesday June 28th 2023 according to the official timetable given on site.

All cars and drivers entered must take part. A detailed note will be distributed on site with the procedure.

The cars must be ready for the Parade on Wednesday June 28th at 17.30. Cars will leave the circuit on Wednesday June 28th at 18:00.

Any car which does not take part in the parade, as well as in any mandatory promotional event included on the official timetable will be reported to the Stewards. Excluding force majeure recognized as such by the Stewards, a fine of 2000€ will be awarded and the car will be placed in parc fermé conditions during the time of the parade.

Behaviour during the Parade

Only the race cars entered in the CrowdStrike 24 Hours of Spa 2023 meeting, in the GT4 European Series, GT4 Scandinavia and in the McLaren Trophy Europe, as well as the official cars designated as such, are authorized to join the parade.

Team and media cars, as well as quads or scooters, are not authorized.

Teams must do their utmost to keep the traffic flowing correctly, without stopping or starting abruptly.

Any behaviour deemed unsafe, as well as any non-authorized cars, will be reported to the Stewards.

8.2. BRIEFING

The Driver and Team Managers' briefing will take place at 20:15 on Wednesday, 28th June 2023 at the Petit Théâtre – Casino de Spa.

All team managers (or their representatives) and the drivers of the cars eligible to take part in the event, must be present throughout the briefing. Any team managers or drivers who do not attend will be reported to the Stewards of the Meeting.

The drivers of each car and their team representative must sign the attendance sheet at the location and time specified on the specific timetable for the briefing. If so requested, drivers of the same car must attend together, and make themselves available for interviews and photographs. Failure to comply with this instruction will be reported to the Stewards of the Meeting.

8.3 AUTOGRAPH SESSION

There will be an autograph session in the centre of Spa on Wednesday 28th June from 18:30 – 20:00. This will be mandatory for all drivers.

8.4 MEDIA AND PROMOTIONAL ACTIVITIES

Any driver who fails to attend any scheduled, mandatory Media and Promotional events including Driver Presentation, Group Photos, Driver Photo Sessions or Interviews, to which they have been summoned, will be reported to the Stewards who may impose a fine of a minimum of 2000 €.

ART. 9 – DRIVERS' PRESENTATION AND STARTING PROCEDURE

9.1 STARTING PROCEDURE

The grid will take place on the grid in front of the Endurance pit lane in accordance with the document which will be published during the Event. The start of the race will be given at the Endurance starting line (in front of the Endurance pit boxes).

A specific Starting Procedure Presentation will be put in place; a detailed note will be distributed and communicated on site.

At 15:40: pit lane will open for 10 minutes. Cars will do 1 lap and stop in front of the Endurance pit on track side. Mechanics of each car with skates will park the car at 45 degrees with the rear of the car close to the pit wall.

At 16:02: the crew composed by 3 or 4 drivers with racing suits (according to their class) + 5 or 4 mechanics, for a total of 8 people for each car, will line up facing the Eau Rouge. Drivers and mechanics must be properly dressed in accordance with the graphical charter, with all patches.

At 16:05: National Anthem will be presented.

At 16:15: 10 min board will be presented on the grid

At 16:20: 5 min board will be presented on the grid

At 16:22: 3 min board will be presented on the grid

At 16:24: 1 min board will be presented on the grid

At 16:25: green flag

The start of the formation lap may be given by the Race Director standing in the middle of the track, waving the Green Flag. He will be surrounded with marshals holding flags, the Trophy on a pedestal, and a cameraman behind him. The cars should start carefully, at a speed of no more than 50 km/h (pit lane limiter) and continue on either side of the starter.

The start of the race will be indicated by the Race Director lowering a national flag (or lights at the gantry). Should the Race Director require an additional formation lap, the national flag will not be dropped although race timing will start in accordance with the provisions of article 45.9 of the 2023 Fanatec GT World Challenge powered by AWS Sporting Regulations.

The exact timings will always be those on the final version of the official timetable signed by the Stewards of the Meeting.

ART. 10 – CEREMONIAL FINISH

The finish of the race will be given at the Line.

However, the cars will continue to the line in front of the podium in the Endurance Pit lane, where a chequered flag will be shown for ceremonial purposes.

Overtaking is not allowed between the Line and the ceremonial flag.

Cars will then continue for a lap of honour at slow pace with the track marshals waving flags.

ART. 11 – PODIUM CEREMONY AND PRESS CONFERENCE

A specific podium procedure note will be distributed and communicated on site

The Podium will take place on the Concert Stage, in the Fan Zone. The winning cars will proceed to the Raidillon gate on the left (see picture attached the email) and park the car in front of the stage.

The cars will be separated into those for the podium parc fermé (the winners of the five categories, Overall, Pro-am, Silver Cup, Gold Cup and Bronze Cup, as well as the cars finishing second and third overall, and the leading IGTC car) and those which continue to the main parc fermé, which will be located by the Eau Rouge gates.

The podium ceremony will be organised as follows:

Podium 1: the first three crews in the OVERALL classification and a representative of the winning team

Podium 2: the first three crews in the IGTC CLASSIFICATION and a representative of the winning manufacturer (if not included in the overall podium)

Podium 3: the first three crews in the GOLD CUP classification and a representative of the winning team

Podium 4: the first three crews in the SILVER CUP classification and a representative of the winning team

Podium 5: the first three crews in the BRONZE CUP classification and a representative of the winning team

Podium 6: the first three crews in the IGTC INDEPENDENT CUP CLASSIFICATION (if not included in their respective podiums)

Podium 7: the first three crews in the PRO-AM CUP classification and a representative of the winning team

Podium 8: the first three manufacturers in the COUPE DU ROI according to Appendix 6 of the 2023 Sporting Regulations

ART. 12 – APPLICATION OF THE REGULATIONS

The English version of this document is considered definitive in the event of any difference of opinion regarding its interpretation.

ART. 13 – SPORTING

13.1 TRACK LIMITS

The Stewards of the Event authorise the Race Director (or his deputies) to impose penalties up to and including stop-and-go penalties during practice sessions and time penalties during the race for breaches of Appendix L Chapter IV Article 2 c) of the International Sporting Code, articles 33.4 and 33.10 of the Fanatec GT World Challenge Europe powered by AWS Sporting Regulations and article 13.2 of the Supplementary Regulations below.

Cameras will be placed at strategic points to report on drivers who do not respect the track limits in accordance with the Sporting Regulations. Judges of fact will be stationed at additional corners.

The points at which judges of fact will report cars for breaching Track Limits during the Event will be as defined by the Stewards before the Briefing.

This procedure will be clarified by Bulletin from the Stewards.

13.2 FULL COURSE YELLOW PROCEDURE / WAVE-BY PROCEDURES

A Bulletin will be published by the Stewards concerning any amendments to the Full Course Yellow or Wave By procedure for this event.

13.3 REFUELLING SENSORS

13.3.1 – Testing

A test will be carried out of the refuelling sensors during the Free Practice session during the CrowdStrike 24 Hours of Spa. This will take place as follows :

Thursday June 29th 11:30 – 11:40: All even-numbered cars must pit and connect for the minimum refuelling time.

Thursday June 29th 12:00 – 12:10: All odd-numbered cars must pit and connect for the minimum refuelling time.

Please note that it is not necessary to refuel, but to be connected so that it can be checked that the sensors are working correctly.

Any team whose sensor does not work will be notified so that they can rectify the problem before the race.

13.3.2 – Penalties

A Bulletin will be published by the Stewards concerning the penalty scale to be applied in the case of cars failing to abide by the minimum and maximum refuelling times as described in article 20.1 and given in the Balance of Performance document for the Event.

13.4 RECOVERY OF CARS

Competitors are specifically reminded of the terms of article 34.19 h), which states that a car which does not reach the pit lane by its own means will not be allowed to rejoin the race.

In terms of this article Competitors are informed that 'authorised external assistance' may include transporting a car to a suitable location around the track, from which the driver will be allowed to attempt to rejoin the race safely. A reminder is hereby given of the terms of article 33.6, which states that "A driver who manages to repair the car after it has been pushed to a place of safety, with or without remote assistance from their Team, may rejoin the session."

ART. 14 – TIMEKEEPING

Teams who have problems or mistakes with their transponder or driver ID during the event must complete a Timing Form available in Race Control or the Timing room to provide an accurate record of the driver behind the wheel for the purposes of adhering to the driving time provisions in the 2023 Fanatec GT World Challenge Europe powered by AWS Sporting Regulations.

ART. 15 – RETIREMENTS

If a car will not continue in the race, further to an accident or technical issue, the team must inform the Race Director and the Stewards of the Meeting by completing a Retirement Form available in Race Control or the Timing room which will be signed and logged.

Should the car have completed 70% of the total number of race laps by the end of the race, the car will still be classified and may score points if eligible. (article 50.3)

Teams wishing to access or retrieve a car which has been placed in parc fermé during the Race may only do so with a signed release document from the Race Director.

ART. 16 – INSURANCE FOR THE MEETING

The Organiser has subscribed an insurance following the instruction of the law. The insurance policy can be consulted at the race secretariat.
