Bulletin N° 15

**To:** All Competitors:  
All Officials**Date:** 29 July 2023**Time:** 10:31

The Stewards notify all competitors and officials of the following:

**Fuel Sensor Failure – Minimum Pit Stop Time:**

In accordance with Article 19.12 b) of the Fanatec GT Challenge Europe Sporting Regulations, the Stewards advise that the minimum pit stop time for any refuelling pit stop (except for 'short' refuelling stops) with no refuelling data is 72.0 seconds.

For 'short' refuelling stops (maximum fuel nozzle connection time of 5.0 seconds) a minimum pit stop time is not appropriate, so all such stops with no refuelling data will be checked using the pit gantry camera footage.
