Decision N° 02

The Stewards, having received a request from the Competitor, have considered the following matter:

Strakka Racing advise that car #44 was destroyed in Race 1 at the 2017 Sprint Event at Misano. Having completed the rebuild of the car at Monza, the Competitor requests permission to complete an 'installation lap' during the Bronze Test on Friday 21st April using a Bronze status driver.

The Stewards' decision:

The Stewards recognise that the Bronze Test is a private test session for which pre-registration and a fee are required by the Promoter. Strakka's car #44 does not meet these conditions.

However, the Stewards also recognise the safety benefit of ensuring, in advance of the sporting sessions, that car #44 properly functions. Accordingly, the Stewards authorise the following:

- Car #44 is allowed to wait at the end of pit-lane (in a position that does not impede the fast lane) up to 5 minutes before the end of the Bronze Test.
- IMMEDIATELY the Chequered Flag is shown to indicate the end of the Bronze Test, car #44 can enter the track to complete ONE LAP with any cars Bronze Test that remain on track.
- At the end of ONE LAP, car #44 must return to pit-lane.
- The substitution of driver is neither required nor authorised.
